

Superannuation tax breaks primarily benefit high-income earners

Percentage of total tax breaks

Notes: Value of tax breaks calculated against a comprehensive income tax benchmark. Deciles sorted by taxable income. Projections to 2020–21 assume 2% wage growth and 0% growth in the number of taxfilers from 2019–20 to 2020–21. Only includes taxpayers that made a pre-tax contribution in that year.
